The company has not taken any actions (proceedings instituted or petitions filed by a company at either state commissions, the court systems, or at the Commission against data brokers) against data brokers in the past year. Companies must report on any information that they have with respect to the processes pretexters are using to attempt to access CPNI, and what steps companies are taking to protect CPNI.

The company has not received any customer complaints in the past year concerning the unauthorized release of CPNI (number of customer complaints a company has received related to unauthorized access to CPNI, or unauthorized disclosure of CPNI, broken down by category or complaint, e.g., instances of improper access by employees, instances of improper disclosure to individuals not authorized to receive the information, or instances of improper access to online information by individuals not authorized to view the information). If affirmative: None

The company represents and warrants that the above certification is consistent with 47.C.F.R.-1.17 which requires truthful and accurate statements to the commission. The company also acknowledges that false statements and misrepresentations to the commission are punishable under Title 18 of the U.S. Code and may subject it to enforcement action.
